Company information

Profile

Sanabora is a limited company established in 2004 with a goal to contribute to society's wellbeing through encouraging effective use of design.

We stand out in Industry for our astounding range of products that meet both the function and fashion needs of our customers. Our products are designed and manufactured at Sanabora with backup production support from a wide network of affiliate artisans spread out across Kenya.

Operating within the realm of 'Sustainable Design and Manufacturing' we bring you a wide range of unique and high quality bags, jewelry pieces, fashion and gift items.

Realization of our products is guided by fair business practices, innovation and maximal value creation for both our customers and producers.

Additionally, Sanabora offers training to its affiliate artisans tailored to harmonize and upscale production and artisanal competencies. Such training has been made possible by the help of our partners in government and non-governmental organizations to whom we are greatly indebted.

With a goal of becoming a benchmark for Sustainable Design in Africa, Sanabora is committed to encourage the use of vast talents and resources available in Kenya for socio-economic and ecological prosperity.
